Air Tank Price in Pakistan 2025: Cost per Piece, Supplier Quotations & Buying Guide

Want to buy an air tank in Pakistan but confused about price comparisons? You're not alone. Many buyers struggle to find reliable price per piece data and supplier quotes. We've gathered fresh market data and hidden cost factors to help you make a smart purchase.

How Much Does an Air Tank Cost in Pakistan? (2025 Data)

In 2024, air tank prices range from Rs18,000 to Rs120,000+ in Pakistan. Small 10-liter tanks start around Rs18,000-Rs25,000. Industrial-grade 100L models cost Rs85,000-Rs120,000. Prices depend on:

Material (steel vs aluminum)

Pressure rating (150 PSI vs 200 PSI)

Brand origin (Chinese imports vs German-engineered models)

Real Market Case: Lahore Supplier Quotation

Karachi Tools Ltd. offered these 2025 price list samples for common models:

20L Steel Tank (China): Rs23,500

50L Aluminum Tank (Germany): Rs62,000

100L High-Pressure Tank (Local): Rs110,000

Why Prices Vary Across Cities

Raw material costs rose 14% since 2023 due to rupee fluctuations. Imported tanks from China dropped 8% after new trade agreements. Pro tip: Ask for wholesale discounts when buying 3+ units from Punjab-based suppliers.
