Why Air Tank Prices in Poland Vary Wildly

Poland's industrial equipment market grew 12% in 2023 (Eurostat), but inconsistent pricing remains a headache. For example:

30-liter steel air tanks: EUR200-EUR400 per unit

Portable aluminum models: EUR150-EUR300 per piece

Custom 100+ liter units: EUR500-EUR1,200 (wholesale discount applies)
