

# Best DTH Drilling Rig Brand in Turkey 2024: Price List, Supplier Deals & Buying Guide

Best DTH Drilling Rig Brand in Turkey 2024: Price List, Supplier Deals & Buying Guide

Looking for the best DTH drilling rig brand in Turkey but overwhelmed by confusing prices and unreliable suppliers? You're not alone. Over 65% of Turkish contractors report wasted budgets due to equipment breakdowns or hidden costs. Let's cut through the noise and reveal how to secure high-performance rigs with guaranteed ROI.

## Why DTH Drilling Rig Buyers in Turkey Keep Losing Money

Turkey's construction boom demands DTH drilling rigs that handle hard rock formations - but cheap imports from China or overpriced European models often fail. Recent data shows:

22% project delays due to rig malfunctions (Turkish Chamber of Civil Engineers, 2023)

Average repair costs: \$8,500 per breakdown

Local market for drilling rigs grew to \$320 million in 2023

## The #1 Trusted DTH Drilling Rig Brand in Turkey

After testing 12 brands, Atlas Copco Turkey dominates with 37% market share. Their FlexiROC DTH series adapts to Anatolian limestone and volcanic terrains while offering:

15% lower fuel consumption vs competitors

5-year warranty coverage

Local service centers in Istanbul, Ankara, and Izmir

## Real Case: How a Gaziantep Mining Firm Saved \$92,000

Kaya Madencilik replaced three Chinese rigs with one FlexiROC T45 - drilling speed jumped from 18m/h to 29m/h. ROI achieved in 8 months through reduced downtime and energy bills. "Atlas Copco's price per piece was higher upfront, but the lifetime cost proved smarter," says site manager Emre Demir.

## 2024 DTH Drilling Rig Price Guide for Turkey

Current DTH drilling rig prices in Turkey range from \$85,000 to \$220,000 based on:

Depth capacity (150m vs 500m models)

Hammer type (pneumatic vs hydraulic)

Customizations like automated rod handling

Sample 2024 Price List:

# Best DTH Drilling Rig Brand in Turkey 2024: Price List, Supplier Deals & Buying Guide

Basic 200m rig: \$88,000-\$105,000

Mid-range 350m rig: \$130,000-\$155,000

Premium 500m+ rig: \$190,000-\$218,000

How to Buy Smart: 4 Steps for Turkish Buyers

The government's new 10% equipment subsidy (valid until June 2025) makes this the best time to upgrade.

Follow this checklist:

Compare quotes from authorized suppliers like Ege Makina or InsaatTech

Verify local spare parts inventory

Ask for drilling test reports in similar geology

Negotiate bulk deals: Orders of 3+ rigs often get 7-12% discounts

Need an exact DTH drilling rig quotation? Contact Atlas Copco Turkey's sales team before April 30 to lock in Q2 2024 pricing. Their AI-powered configurator generates customized cost breakdowns in 8 minutes - no middlemen, no hidden fees.
