

Core Drilling Rig Rental Cost Per Month in India 2024: Price List, Quotation & ROI Guide

Core Drilling Rig Rental Cost Per Month in India 2024: Price List, Quotation & ROI Guide

Need a core drilling rig for your construction project in India? Renting one could save you 40-60% compared to buying. But how much does it cost per month? Let's break down prices, compare suppliers, and show you how to get the best ROI.

Why Rent a Core Drilling Rig in India?

India's infrastructure sector is growing at 8% annually (NITI Aayog 2023), driving demand for equipment rentals. Contractors face two big problems:

High upfront costs: Buying a new rig costs INR18-35 lakhs

Short-term project needs: 70% of users require rigs for <=6 months

Last year, a Mumbai builder spent INR2.4 lakhs/month buying a rig - only to sell it at 60% loss after 5 months. Renting could have saved INR7 lakhs.

Factors Affecting Monthly Rental Prices

Core drilling rig rental costs in India range from INR55,000 to INR1,75,000/month. Why the gap?

Rig type: Diamond vs. carbide, electric vs. hydraulic

Depth capacity: 100ft rigs cost 35% less than 300ft models

Location: Delhi rentals are 12% cheaper than Chennai
