Diesel Generator Rental Cost Per Month Malaysia 2024: Price List, Quotation & Supplier Deals

Power outages cost Malaysian businesses up to RM 200,000 per hour in lost productivity. When the lights go out during monsoons or grid failures, your operations shouldn't. Renting a diesel generator is the fastest way to keep profits flowing - but how much does it really cost monthly?

What Determines Diesel Generator Rental Costs in Malaysia?

In 2024, monthly rental fees range from RM 3,500 to RM 22,000+ depending on three key factors:

Generator size: A 20kVA unit costs RM 110/hour (? RM 3,850/month), while 500kVA industrial models hit RM 400+/hour

Fuel consumption: Modern German-designed generators use 20% less diesel than Chinese models

Delivery zones: Johor suppliers charge 15-20% less than remote East Malaysia locations
