Why Spain's Drilling Bit Rental Costs Are Surging

Spain's mining sector grew by 8% in 2024, while infrastructure projects like the Mediterranean Corridor rail network demand heavy drilling. This boom pushed monthly rental costs for tungsten-carbide bits to EUR1,200-EUR2,500, up 15% since 2023. For diamond-core bits, expect EUR3,800-EUR6,500/month.
