

Drilling Bits Cost in Turkey 2024: Price List, Quotation & Supplier Deals

Drilling Bits Cost in Turkey 2024: Price List, Quotation & Supplier Deals

If you're asking "how much does drilling bit cost in Turkey," you're likely planning a drilling project or sourcing industrial tools. Let's break down prices, market trends, and smart buying strategies right now.

Current Prices for Drilling Bits in Turkey

The average cost of drilling bits in Turkey ranges from \$50 to \$2,000+ per piece, depending on:

- Bit type (PDC, tricone, diamond core)
- Size (3-inch to 26-inch diameters)
- Material grade (tungsten carbide vs. standard steel)

Why Turkish Buyers Overpay for Drilling Tools

A 2023 market study showed 35% of Turkish construction firms paid 10-25% above fair value due to:

- Limited local manufacturers (only 12 domestic drill bit producers)
- Import taxes reaching 17% on foreign-made bits
- Middlemen markup in Istanbul's industrial markets

Smart Buying Strategies for 2024

Top contractors like Ankara Drilling Co. slashed tool costs by 32% using this approach:

- Compare price per piece from Chinese vs European suppliers
- Request bulk wholesale quotes (5+ units)
- Verify certifications: ISO 9001 and API 7-1

2024 Market Alert: New Suppliers from China

Chinese manufacturers now offer drilling bits at \$75-\$850/piece FOB Turkey - often 40% cheaper than German equivalents. But watch for:

- Shipping time (25-45 days)
- Customs clearance support

Get Your Custom Quotation Today

Leading suppliers like Hengda Drill Tools and Atlas Copco Turkey provide:

- Free price lists for 2024 models
- ROI analysis comparing bit lifespan vs cost

Drilling Bits Cost in Turkey 2024: Price List, Quotation & Supplier Deals

- Local inventory in Izmir and Bursa warehouses

For water well or mining projects under Turkey's \$12B infrastructure push, partner with suppliers offering 6-12 month warranties. Always test sample bits before bulk orders.
