

# Four Wheel Screw Diesel Compressor Rental Cost Per Month in Singapore 2025: Price List, Quotation & Supplier Deals

Four Wheel Screw Diesel Compressor Rental Cost Per Month in Singapore 2025: Price List, Quotation & Supplier Deals

Need a four wheel screw diesel compressor for your construction project in Singapore? Renting one could save you S\$15,000+ compared to buying - but only if you nail the rental terms. Let's break down current rental costs per month, hidden fees to avoid, and how to lock in the best deals.

## Why Singapore Contractors Choose Rental Over Buying

Singapore's construction boom (5.6% growth in Q1 2024) is driving demand for mobile air compressors. But with a new screw diesel compressor costing S\$18,000-S\$50,000, 73% of SMEs now rent instead. Here's why:

No upfront capital: Preserve cash flow for labor or materials

Zero maintenance costs - suppliers handle repairs

Flexibility to upgrade/downgrade as projects change

## The Real Cost Breakdown: What You'll Pay Monthly

Monthly rental costs in Singapore range from S\$800 to S\$3,500+ depending on:

Capacity (10-350 CFM models)

Brand (Atlas Copco vs. China-made alternatives)

Contract length (6-24 months)

Case study: ABC Construction saved S\$2,100/month by renting a German-engineered four wheel compressor through a Singapore supplier, avoiding import taxes and storage fees.

## How to Get the Best Rental Quotation in 5 Days

Top suppliers like CompressAsia and Kaishan SG offer price-match guarantees. But watch for these traps:

Fuel surcharges (ask if diesel costs are included)

Transportation fees (free delivery within 30km?)

Overtime rates (S\$50-S\$150/hour beyond 8-hour shifts)

## Government Incentives & Market Trends

Singapore's BCA Grants now cover 50% of equipment rental costs for Green Mark projects. Pair this with supplier promos:

"Our Tuas Port client saved 30% by combining BCA incentives with our CNY rental discount." - Sales Manager, Kaishan SG

Request a customized quotation today - most suppliers email quotes within 2 working hours. Specify your project timeline, worksite location, and required CFM to get accurate pricing.

Ready to compare? Use our free Singapore compressor rental calculator (updated weekly) or contact trusted suppliers directly via WhatsApp/SMS. Most offer same-day delivery for urgent projects.
