Four Wheel Screw Diesel Compressor Spare Parts Supplier in Bangladesh: 2025 Price List, Quotation & Buying Guide

Need four wheel screw diesel compressor spare parts in Bangladesh but stuck comparing endless suppliers? Prices jumping 18% since 2023? Let's cut through the noise and find reliable suppliers with wholesale discounts, verified certifications, and fast delivery.

Why Finding the Right Spare Parts Supplier Costs You Money

Over 70% of construction companies in Bangladesh report downtime due to wrong spare parts. Local suppliers often lack ISO-certified products, while importing from China or Germany adds 22-35% logistics costs. A Dhaka-based contractor lost \$12,000 last month after installing uncertified piston rings that damaged their screw diesel compressor.

The Hidden Price Per Piece Trap

Suppliers advertising \$15 "discounted" valves often use recycled materials. Authentic SKF/Cummins parts range from \$28-\$42 per piece. Always demand material test certificates and a price list breakdown.

How to Buy Genuine Parts & Save 31% Annually

- FOB Chittagong port rates at \$1,850/ton for bulk orders

- 7-day delivery across Khulna, Rajshahi & Sylhet

- 1-year warranty on all oil filters and gaskets
