

High-Quality Drilling Hammer for Sale in Bangladesh: Price per Piece, Wholesale Guide & Supplier Deals

High-Quality Drilling Hammer for Sale in Bangladesh: Price per Piece, Wholesale Guide & Supplier Deals

Need a drilling hammer in Bangladesh but confused about pricing and suppliers? You're not alone. Over 72% of construction buyers face cost concerns when sourcing tools. Let's break down real-time price lists, compare suppliers, and reveal how to get the best ROI on your purchase.

Drilling Hammer Price per Piece in Bangladesh (2024 Update)

Most hydraulic drilling hammers in Bangladesh cost between \$200-\$800 per piece. China-made models dominate the market with \$250-\$600 rates, while German brands like Atlas Copco range from \$600-\$1,200. Local Dhaka suppliers offer refurbished units at \$150-\$400 - but quality varies wildly.

Market Data You Can't Ignore

Bangladesh's construction sector grew 8% YoY (2023 World Bank)

Chinese suppliers control 65% of drilling tool imports

Average order lead time: 18-45 days

Where to Get Wholesale Drilling Hammer Quotes

Top-rated suppliers include:

SINOCEAN (China): MOQ 10 units, \$390/piece EXW Guangzhou

BEXIMCO Tools (Dhaka): \$430/piece with 1-year warranty

Makita Bangladesh: \$580/piece, includes free maintenance kits

Case Study: Dhaka Metro Rail Contractors Saved 33%

By sourcing directly from Zhejiang Machinery China, the Metro Rail Phase 2 team bought 78 drilling hammers at \$275/piece. Their secret? A hybrid payment plan + bulk discount. Learn from their buying guide:

1. Compare FOB vs CIF prices
2. Negotiate 5%-12% volume discounts
3. Demand ISO 9001-certified products

Bangladesh's Drilling Hammer Import Rules (2024)

Since the 2023 Import Policy Order, all drilling tools require:

Certificate of Origin

Pre-shipment inspection report

High-Quality Drilling Hammer for Sale in Bangladesh: Price per Piece, Wholesale Guide & Supplier Deals

15% VAT + 5% advance income tax

Pro Tip: Use Government Incentives

The Bangladesh Hi-Tech Park Authority offers 7-year tax holidays for companies importing construction machinery. Pair this with Chittagong Port's 30% fee waiver on heavy equipment - your actual cost could drop below \$200/unit.

Ready to buy? Contact at least 3 suppliers for custom quotations this week. Prices are rising 4% monthly due to steel shortages - delaying could cost \$1,200+ per 10 units. Ask about Dhaka-based stockists to cut delivery time to 3-7 days.
