Rock Drill Rental Cost per Month in South Korea 2025: Price List, Quotation & ROI Guide

Need rock drill rental services in South Korea for tunneling or construction? You're not alone. With mega-projects like the Gadeokdo Airport expansion and nationwide smart city developments, monthly rental costs for rock drills have become a hot topic. Let's cut through the confusion.

Why Rentals Beat Purchases for South Korean Projects

Buying heavy-duty rock drills in South Korea means upfront costs of KRW180-400 million (\$130,000-\$300,000) per unit. But monthly rock drill rental costs here range from KRW2.1-5.6 million (\$1,500-\$4,000), according to 2024 Korea Construction Equipment Association data. For short-term projects, renting saves 60-80% versus ownership.
