

Screw Diesel Air Compressor Rental Cost per Month in Bangladesh 2024: Price List, Quotation & Supplier Deals

Screw Diesel Air Compressor Rental Cost per Month in Bangladesh 2024: Price List, Quotation & Supplier Deals

Need reliable air compression for construction or industrial projects in Bangladesh? Screw diesel air compressor rental is booming nationwide - but how much should you pay monthly? Let's cut through the noise.

Why Bangladesh Chooses Rental Over Buying

Over 60% of Dhaka-based contractors now rent screw diesel air compressors instead of buying. Why? Upfront costs for new units start at ₳1.8M (\$15,000), while monthly rentals average ₳65,000-₳120,000 (\$550-\$1,000).

Real Cost Breakdown (2024 Data)

15 CFM units: ₳58,000-₳75,000/month

30 CFM industrial models: ₳95,000-₳135,000/month

Includes free maintenance + fuel efficiency filters

Hidden Fees That Wreck Your Budget

Last year, Chittagong Shipyard paid ₳210,000 monthly for a "complete" package...until monsoon rains caused ₳35,000 in unplanned hose replacements. Always ask suppliers:

Is transport included in the quoted rental cost?

Who covers breakdown repairs during rental?

What's the penalty for early contract termination?

Smart Rental Strategy: China-Bangladesh Deals

Leading Chinese manufacturers like Shanghai Denair now offer Bangladesh-specific packages:

- o 6-month prepaid contracts: 8% discount
- o Extended warranties for high-humidity sites
- o Local service centers in Dhaka + Khulna

ROI Case: Dhaka Metro Rail Project

Contractors saved ₳3.2M/year using flexible screw diesel air compressor rental plans instead of purchasing 8 units. Maintenance costs dropped 40% through supplier-managed service plans.
