Second Hand Air Tank Price in Singapore 2025: Cost, Quotation & Supplier Deals

Looking for the best deals on a second hand air tank in Singapore? You're not alone. Over 60% of industrial buyers in 2024 opted for used equipment to cut costs without compromising quality. But how do you find reliable sellers, avoid scams, and calculate your actual ROI?

Why Singapore's Second Hand Air Tank Market Is Booming

Singapore's construction and manufacturing sectors grew by 4.3% in Q1 2024, pushing demand for affordable tools like air tanks. A recent survey shows:

Average price per piece for used tanks fell 15% since 2023 due to surplus imports from China and Germany

78% of suppliers now offer free quotation services with lifetime service warranties

The Hidden Costs of Cheap Air Tanks

An industrial contractor lost S\$12,000 last year buying a "bargain" tank from an unverified seller. Rust damage and pressure leaks shut down his site for 3 days. Always demand:

Pressure test certificates (ISO 10461 standard)

Supplier transaction history on platforms like Alibaba or Carousell

2025 Price List: What to Expect

Small-capacity second hand air tanks (10-50 liters) now cost S\$180-S\$600, while industrial models (100-500 liters) range from S\$1,200 to S\$6,800. Prices drop 8-12% during Q2 due to seasonal warehouse clearances.

Pro tip: Compare bulk wholesale rates if buying 3+ units - some suppliers offer 10% discounts.

Case Study: How One Marine Firm Saved S\$34,000

SG MarineWorks replaced 7 worn-out air compressors with refurbished tanks from a Johor Bahru-based supplier. Total cost: S\$21,500 (vs. S\$55,500 for new units). Their ROI? 14 months - thanks to zero maintenance fees under the supplier's 2-year warranty.
