

Second Hand Core Drilling Rig Price in Norway 2025: Best Deals, Quotation & Buying Guide

Second Hand Core Drilling Rig Price in Norway 2025: Best Deals, Quotation & Buying Guide

If you're searching for second hand core drilling rig price in Norway, you already know new equipment costs 50-70% more. But how do you find reliable sellers, avoid hidden costs, and get the best ROI? Let's break down the market trends, price lists, and trusted suppliers for 2025.

Why Second-Hand Core Drilling Rigs Are Surging in Norway

Norway's construction sector grew 4.2% in 2023 (Statistics Norway), driving demand for affordable equipment. Contractors now prioritize cost-effective solutions: used core drilling rigs save up to \$15,000 per unit compared to new models. But the market's crowded with risks - outdated specs, unclear maintenance records, or inflated price per piece.

2025 Price Trends: What to Expect

A recent study by EquipmentWatch shows average second-hand core drilling rig prices in Norway range from \$8,500 to \$28,000. Here's a quick breakdown:

Small rigs (diameter
