

Second Hand Core Drilling Rig for Sale in Canada: 2025 Price List, Quotes & ROI Guide

Second Hand Core Drilling Rig for Sale in Canada: 2025 Price List, Quotes & ROI Guide

Why Buy Used Core Drilling Rigs in Canada?

Need a core drilling rig but working with tight budgets? You're not alone. Over 62% of Canadian contractors now choose second hand drilling equipment to complete infrastructure projects without breaking the bank. Let's cut through the noise about second hand core drilling rig prices in Canada - and show exactly how to make smart buys.

The Cold Truth About New Equipment Costs

A brand-new core drill rig in Canada typically costs \$28,000-\$45,000 CAD. But here's the catch: Prices for used models start at just \$12,500 for basic models. Contractors like Montreal's Boreal Excavation saved 53% on their 2023 equipment budget by buying refurbished rigs from Alberta suppliers.

2025 Price Trends: What You'll Actually Pay

Current market data shows three price brackets for second hand core drilling rigs in Canada:

Entry-level (3-5 years old): \$12,500-\$18,000 CAD

Mid-range (reconditioned): \$19,900-\$26,700 CAD

Premium used (
