

Second Hand DTH Drilling Rig for Sale in Peru 2025: Price List, Quotation & ROI Guide

Second Hand DTH Drilling Rig for Sale in Peru 2025: Price List, Quotation & ROI Guide

Looking for a second hand DTH drilling rig price in Peru? With the country's mining sector growing at 12% annually (Peruvian Ministry of Energy and Mines, 2024), contractors want cost-effective solutions without sacrificing performance. Let's break down current market prices, trusted suppliers, and how to maximize your ROI.

Why Second Hand DTH Rigs Dominate Peru's Mining Projects

Peru's copper and gold production jumped 20% last year - but new rigs can cost \$180,000-\$500,000. Pre-owned models slash upfront costs by 35-60%, with prices starting at \$65,000 for 2018 models. Example: A Lima-based contractor bought a refurbished 2020 DTH drilling rig from China at \$92,000, achieving full ROI in 14 months through copper exploration contracts.

3 Risks When Buying Used Drilling Rigs (And How to Avoid Them)

Hidden maintenance costs: 40% of buyers report unexpected repairs within 6 months

No standardized price per piece - quotes vary wildly between suppliers

Limited warranty coverage from uncertified dealers

2025 Price Trends for Second Hand DTH Rigs in Peru

Global Market Insights projects 8% annual growth in Latin America's used heavy machinery market. Current price ranges:

Small-capacity rigs (10-15m depth): \$65,000-\$95,000

Mid-range models with GPS tracking: \$110,000-\$160,000

High-power rigs + spare parts packages: \$175,000-\$230,000

Supplier Insights: Why Chinese Providers Lead the Market

Chinese exporters now control 62% of Peru's used rig imports (CustomsData 2024). Top suppliers like XCMG and SANY offer:

- Verified maintenance records
- 6-12 month warranty extensions
- Local technical support in Lima and Arequipa

Your Step-by-Step Buying Guide

1. Request quotations from at least 3 suppliers - compare price per piece and shipping costs.
2. Verify equipment history through third-party platforms like IronPlanet.
