

Second Hand Drilling Bits for Sale in Australia 2025: Price List, Supplier Deals & ROI Guide

Second Hand Drilling Bits for Sale in Australia 2025: Price List, Supplier Deals & ROI Guide

Need second hand drilling bits in Australia without breaking budgets? You're not alone. Over 63% of Australian mining contractors now source refurbished tools to combat rising equipment costs. But how do you find reliable wholesale deals and avoid worn-out products?

Why Drilling Bit Prices Jumped 22% Since 2023

Australia's mining boom doubled demand for drilling tools, pushing new bit costs to AUD \$1,800-\$4,500 apiece. Meanwhile, quality second hand drilling bits now sell at 40-60% discounts. Take Western Australia's Iron Valley project: Contractors saved AUD \$287,000 using refurbished PDC bits from China-based suppliers.

The Hidden Trap in Cheap Deals

A recent audit found 1 in 3 "bargain" used bits fail within 200 drilling hours. That's why smart buyers focus on 2 factors:

- Certified refurbishment (ISO 9001 or API standards)
- Minimum 150-hour performance warranty

2025 Price List: Second Hand vs New Bits

Here's what to expect in Australia's secondary market:

- Used PDC bits: AUD \$750-\$1,900 per piece
- Refurbished tricones: AUD \$1,200-\$2,500
- Discounted packages: AUD \$6,000+ for 10-15 piece lots

Pro tip: Queensland suppliers currently offer free air freight for orders over AUD \$15,000.

How China Suppliers Cut Your Costs

Major manufacturers like SINOCOREDRIILL now sell factory-reconditioned bits directly to Australia. Their latest batch of 8 1/2 " PDC bits costs AUD \$1,120/piece - 38% below local refurbishers' quotes.

Get Your Custom Quotation in 3 Steps
