

# Second Hand Drilling Bits for Sale in Kazakhstan: 2024 Price List, Quotation & Buying Guide

Second Hand Drilling Bits for Sale in Kazakhstan: 2024 Price List, Quotation & Buying Guide

Looking for second hand drilling bit prices in Kazakhstan? You're not alone. Over 60% of mining companies in Central Asia now use refurbished tools to cut costs - especially with global steel prices rising 18% this year. But how do you find quality used bits without wasting time or money?

## Why Kazakhstan's Market Demands Affordable Solutions

Kazakhstan's oil and gas sector grew 4.7% in 2023 (World Bank), pushing drill bit prices to \$800-\$1,200 for new models. That's where second-hand drilling bits shine: they cost 40-60% less while delivering 70-85% of new product performance.

## Real Savings from Nur-Sultan to Aktobe

KazGeoTech saved \$284,000 last quarter by buying 120 used PDC bits from China. Their ROI came in 22 days - faster than new equipment's 90-day payoff cycle.

## 2024 Price Factors for Used Drilling Bits

Bit type: Tricone (\$200-\$450) vs. PDC (\$350-\$900)

Condition: 30% vs. 80% remaining lifespan

Supplier location: China (+12% shipping) vs. local (+19% VAT)

## How to Buy Smart: 4 Steps

Check actual usage hours (demand certification)

Compare price per piece across 3+ suppliers

Test 1-2 units before bulk orders

Negotiate warranty (even 15 days helps)

## Supplier Watch: Who Offers Best ROI?

Almaty's BuroTech sells German-reconditioned bits at \$420-\$780 - 32% below EU prices. But China's Sinopec Supply Chain gives better wholesale deals: \$385/bit for 50+ units, including Customs clearance.

Tip: Always ask for a quotation breakdown. Last month, a Kostanay buyer found hidden \$38/bit "inspection fees" in an initial offer.

## Future Trends Affecting Costs

Kazakhstan's new recycling incentives (Q3 2024 launch) may drop second hand drilling bit prices another

## **Second Hand Drilling Bits for Sale in Kazakhstan: 2024 Price List, Quotation & Buying Guide**

8-12%. Pair this with the weakened tenge against USD, and imported used bits look even smarter. Ready to compare your options?
