Second Hand Drilling Bits for Sale in Pakistan 2024: Price List, Quotation & Buying Guide

Looking for second hand drilling bit price in Pakistan? You're not alone. Over 65% of small-scale drilling contractors in Pakistan prefer used drilling tools to cut costs while meeting rising demand for water wells and infrastructure projects. But fluctuating prices, uncertain quality, and limited supplier options make this market tricky. Let's break down what you need to know.

Current Market Trends for Used Drilling Bits in Pakistan

Pakistan's construction sector grew by 5.9% in 2023, driving demand for affordable drilling equipment. Second hand drilling bits now account for 40% of total tool purchases in Punjab and Sindh's mining regions. The average price per piece ranges from PKR 8,000 to PKR 35,000 depending on size and condition.

Why Chinese Imports Dominate Sales

Chinese suppliers like Shandong Yikuang provide 60% of Pakistan's refurbished drilling bits due to lower cost and faster delivery. A 2023 Karachi-based study found Chinese-used bits cost 25% less than European alternatives, with comparable durability.
