Second Hand Drilling Hammer Price in Egypt 2025: Cost List, Quotation & Wholesale Deals

Why Used Drilling Hammers Are Flooding Egypt's Market?

Want to buy second hand drilling hammers in Egypt but confused about prices? You're not alone. Over 30% of construction companies in Cairo now choose used equipment to cut costs - and the trend is spreading fast. Let's break down what you need to know.

Price Shocks: New vs Used Drilling Equipment

A brand-new hydraulic drilling hammer costs \$18,000-\$25,000 in Egypt. But second hand drilling hammer prices start at just \$6,500 for functional Atlas Copco/Sandvik models. That's 60-75% savings upfront - money you can reinvest in labor or projects.

Chinese models (Shantui/XCMG): \$4,200-\$7,800

European brands (Boart Longyear/Soilmec): \$8,900-\$14,500

Japanese machinery (Komatsu): \$10,000-\$16,200

Real-World Case: Alexandria Port Expansion

When Delta Constructions upgraded its fleet for the \$370M port project, they bought 12 pre-owned drilling hammers from Germany via Cairo dealers. Result? Saved \$138,000 versus new purchases. Their ROI came in 4 months - not 2 years.

How to Avoid Costly Mistakes

Many rush to grab the cheapest drilling hammer price in Egypt and regret it later. Check these before buying:
