

Second Hand Engineering Drilling Rig Price in UAE 2025: Cost, Quotation & Supplier Deals

Second Hand Engineering Drilling Rig Price in UAE 2025: Cost, Quotation & Supplier Deals

Looking for second hand engineering drilling rigs in the UAE? You're not alone. Over 65% of contractors in Dubai and Abu Dhabi now prefer used heavy machinery to cut upfront costs. But with prices ranging wildly from \$50,000 to \$300,000, how do you avoid overspending or buying unreliable equipment?

Why Used Drilling Rigs Are Hot in UAE Right Now

The UAE's construction boom needs 15% more drilling equipment this year. Yet new Chinese-made rigs face 22% import taxes. This makes pre-owned engineering drilling rigs a smart choice. A 2024 report shows used rigs sold through Sharjah free zones jumped 40% last quarter.

Real ROI Example: Al Ain Pipeline Project

Abu Dhabi's Delta Construction saved \$127,000 by buying a 2019 Soilmec SR-60 rig from a German supplier. The rig paid for itself in 8 months through 3 high-profile infrastructure projects.

2024 Price List: What to Expect

Current second hand engineering drilling rig prices in UAE depend on:

- Age (2018-2022 models dominate the market)
- Depth capacity (30m-120m)
- Brand (Soilmec vs Chinese brands like Sany)

A basic 2017 used rig costs \$58,000-\$75,000. Mid-range 2020 models average \$110,000. Top-tier refurbished European rigs hit \$280,000+.

How to Get the Best Quotation

Three suppliers control 60% of UAE's used rig market:

- Al Jaber Heavy Machinery (Abu Dhabi): Offers 6-month warranties
- Emirates Equipment Hub: Specializes in Japan-made used rigs
- China Machinery Middle East: Cheapest quotes but longer shipping

Pro tip: Always ask for an ISO 3408 certification. A Ras Al Khaimah buyer recently saved \$21,000 in repairs by verifying drill pipe conditions upfront.

Free Zone Perks You Can't Ignore

Buy through Jebel Ali Free Zone (JAFZA) to save 15% on customs. Dubai's used machinery auctions (every

Second Hand Engineering Drilling Rig Price in UAE 2025: Cost, Quotation & Supplier Deals

2nd Thursday) often list engineering drilling rigs from bankrupt projects at 30% below market rates.

Your Step-by-Step Buying Guide

Follow this PAS formula to shop smart:

Problem: "I need drilling capacity but can't afford new" -> Agitate: "One failed hydraulic pump could cost \$12,000" -> Solve: Compare 3-5 suppliers. Demand test-run videos. Negotiate 90-day payment terms.

The UAE's Vision 2030 green policies also matter. Used rigs meeting Tier 4 emission standards get 5% tax rebates in Abu Dhabi. Check if your seller provides retrofit services - Chinese suppliers like XCMG now offer this for free.

Bottom line? With proper research, your second hand engineering drilling rig price in UAE could become the best investment this year. Start comparing quotations today before Ramadan slows down shipments.
