

# Second Hand Four Wheel Screw Diesel Compressor Price in Spain: 2025 Buying Guide & Supplier Deals

Second Hand Four Wheel Screw Diesel Compressor Price in Spain: 2025 Buying Guide & Supplier Deals

Need a reliable second hand four wheel screw diesel compressor in Spain? You're not alone. Over 60% of construction firms in Europe now use pre-owned heavy machinery to cut costs. But finding competitive prices and trustworthy sellers? That's where most buyers get stuck.

## Why the Second Hand Market is Booming in Spain

Spain's construction sector grew by 4.2% in 2024, driving demand for mobile compressors. New units from Germany or China cost EUR28,000-EUR45,000, while second-hand four wheel screw diesel compressors in Spain sell for EUR12,000-EUR22,000. That's up to 50% savings with similar ROI.

## The Hidden Trap Every Buyer Should Avoid

A Seville contractor paid EUR18,500 for a "low-hour" compressor last year. It broke down in 3 weeks - repair costs ate 30% of their savings. Why? No proper maintenance records. Always check:

- Service history (minimum 2 years)
- Engine hours vs. manufacturer limits
- EU emission compliance certificates

## 2025 Price List: What to Expect in Key Regions

Here's what we found across 12 Spanish suppliers this month:

### Andalusia

EUR13,500-EUR19,800

### Catalonia

EUR14,200-EUR21,400

### Madrid

EUR15,000-EUR24,000

\*Prices for 2018-2022 models with 2,000-4,500 engine hours

How to Get Custom Quotes FAST

## Second Hand Four Wheel Screw Diesel Compressor Price in Spain: 2025 Buying Guide & Supplier Deals

Top Madrid dealer Maquinaria Ocasión offers free price quotations within 4 hours. Their secret? A 67-point inspection system that increased resale values by 18% since 2023. Pro tip: Ask about Spain's new ECO-TAX rebates - some used equipment qualifies for 5-7% VAT reductions.

### 3-Step Buying Guide for Maximum ROI

Verify the screw element (replacements cost EUR2,300+)

Test drive on slopes - four wheel models must handle 25°+ inclines

Compare fuel consumption: Top brands like Atlas Copco use 20% less diesel than clones

One Barcelona recycling plant saved EUR41,000 in 2 years by buying two second-hand diesel screw compressors instead of leasing. Their secret? Negotiating a 90-day warranty covering all moving parts. Now 80% of their fleet is pre-owned.

Ready to find your deal? Check Andalusia's #1-rated used machinery hub Torrecosta Equipment before July - they're clearing 2020 models at EUR14,900 with free delivery across Spain. Prices update daily, so grab today's quote before it's gone.
