

Second Hand Four Wheel Screw Diesel Compressor Prices in Argentina 2025: Quotes, Cost Analysis & Buying Guide

Second Hand Four Wheel Screw Diesel Compressor Prices in Argentina 2025: Quotes, Cost Analysis & Buying Guide

Why Argentina's Market Demands Affordable Second-Hand Compressors

In 2025, Argentina's construction and mining sectors are projected to grow by 7% annually, driving demand for reliable yet cost-effective machinery. For contractors and small businesses, second hand four wheel screw diesel compressors offer a smart solution - but pricing and quality vary wildly. A recent survey revealed 65% of buyers struggle to find trustworthy suppliers, while 43% overpay due to unclear price lists.

The Real Cost of Used Four Wheel Screw Diesel Compressors

Price Trends Across Key Regions

As of June 2024, average prices in Argentina range from \$12,000 to \$28,000 USD per unit, depending on:

Engine hours (2,000-6,000 hours preferred)

Brand reputation (Atlas Copco, Ingersoll Rand vs. Chinese OEMs)

Local import taxes (15%-25% for refurbished units)

Suppliers in Buenos Aires now offer ROI-focused deals - one buyer saved 30% by comparing 3 quotes online before purchasing.

How to Buy Smart: 2025 Supplier Checklist

Case Study: Mar del Plata Mining Co.

This company saved \$7,200 on a 2021 Atlas Copco XAS 4000 model by:

Requesting a free video inspection

Negotiating bulk discounts for two units

Using Argentina's tax incentives for eco-friendly equipment

Key takeaway? Always demand OEM service records - Germany-made units typically retain 60% resale value after 5 years.

Where to Get Competitive Quotes in 2025

China-based exporters now dominate 38% of Argentina's used compressor market, offering wholesale prices 15%-20% lower than European competitors. However, local suppliers like Maquinaria Pesada SA provide faster delivery and warranty options. For time-sensitive projects, hybrid deals (50% upfront + 50% after installation) are trending.

Last month, a Rosario construction firm secured a \$19,500 quote for a 2022 Sullair 1850H from an approved
