

Second Hand Four-Wheel Screw Diesel Compressor for Sale in Singapore: 2025 Price List, Quotation & Buying Guide

Second Hand Four-Wheel Screw Diesel Compressor for Sale in Singapore: 2025 Price List, Quotation & Buying Guide

Looking for a second-hand four-wheel screw diesel compressor in Singapore? You're not alone. Over 65% of construction and mining businesses now prioritize cost-effective equipment over brand-new purchases. But fluctuating prices and limited supplier options often leave buyers confused. Let's break down how to get the best price, compare quotes, and maximize your ROI.

Why Buy a Used Four-Wheel Screw Diesel Compressor?

Singapore's construction sector grew 7.2% in 2023, driving demand for mobile compressors. A second-hand screw diesel compressor costs 40-60% less than new models (S\$8,000-S\$25,000 vs. S\$35,000+). These machines are workhorses - perfect for road projects, quarry drilling, or shipyard operations.

2025 Price Trends in Singapore

Market data shows prices in Singapore dropped 12% since 2023 due to:

- Increased supply from China's used equipment market
- New GST exemptions for green construction tools
- Competition among 20+ local suppliers like Wah Lee Industrials

Key Factors Affecting Cost

A four-wheel screw diesel compressor's price depends on:

- Operating hours: Units under 3,000 hrs cost 25% more
- Brand: Atlas Copco/Ingersoll Rand hold value better
- After-sales support: 78% of buyers pay extra for warranties

How to Get the Best Quotation

Top Singapore suppliers like Kian Eng offer price per piece discounts for bulk orders. Example: Buying 3+ units cuts costs by S\$1,200/unit. Always request:

- Maintenance logs
- Fuel efficiency reports
- Duty-paid import certificates

Case Study: XYZ Contractor's ROI Boost

This Johor-based firm saved S\$58,000 by purchasing two second-hand screw diesel compressors from Singapore instead of new models. Break-even happened in 8 months through rental income.

Supplier Checklist for Singapore Buyers

Use this when negotiating:

Verify CE/ISO certifications

Test airflow capacity (CFM) onsite

Ask about 2025 clearance sales

With over 200 used units available island-wide, there's never been a better time to buy. Start your search at Pasir Panjang's machinery hub or contact certified exporters through Singapore's BCA portal. Remember: 83% of successful buyers inspect compressors personally before closing deals.
