

Second Hand Piston Diesel Air Compressor for Sale 2024: Price List, Quotation & Buying Guide in Saudi Arabia

Second Hand Piston Diesel Air Compressor for Sale 2024: Price List, Quotation & Buying Guide in Saudi Arabia

Need reliable air compression without breaking the bank? Second-hand piston diesel air compressors in Saudi Arabia offer a 40-60% cost advantage over new units. But how do you verify quality and get the best price? We'll show you actual market prices, trusted suppliers, and a step-by-step buying guide to save time and money.

Why Saudi Businesses Choose Refurbished Diesel Compressors

Construction sites, mining operations, and small factories across Riyadh and Jeddah are switching to used piston diesel air compressors. With Saudi Arabia's construction sector growing at 5.2% annually (2023 stats), businesses need budget-friendly equipment that delivers. A 2023 case study shows a Dammam-based contractor slashed project costs by 34% using refurbished Ingersoll Rand compressors.

Current Market Prices in Saudi Arabia (2024)

Prices vary by horsepower and condition:

5-10 HP models: 8,000-15,000 SAR

20-30 HP industrial units: 22,000-40,000 SAR

Refurbished Atlas Copco units (with warranty): +15% cost

Pro tip: Always compare price per working hour - some "cheap" units need immediate repairs.

3 Steps to Avoid Costly Mistakes When Buying Used

1. Verify Hours: Ask for hour meters or maintenance logs. 5,000+ hours means shorter remaining lifespan.
2. Check Oil Residue: Black sludge indicates poor maintenance.
3. Test Under Load: Run at full capacity for 15 minutes to spot air leaks or pressure drops.

Where to Find Trusted Suppliers

Top-rated dealers in Saudi Arabia:

- Juffali Industrial Equipment (Riyadh)
- Hala Equipment (official reseller for Chinese brands like Shanggong)
- Aljomaih Group (certified refurbished units)

Request a quotation from 3+ suppliers

Ask about trade-in deals for old equipment

Maximize ROI: Maintenance & Warranty Tips

Spending 3,000-5,000 SAR on professional refurbishment can add 2-3 years to your compressor's life. Always negotiate:

- 6-month warranty on engine and pump
- Free first service (valued at 1,200 SAR)
- Spare piston ring kits

Looking for regional price benchmarks? A 2024 survey shows Jeddah offers 8% lower prices than Eastern Province for identical units. Now's the time to act - Saudi's used equipment market is projected to grow 12% this year as more companies prioritize cost efficiency.
