

Second Hand Piston Electric Air Compressor Price in Jordan: 2025 Cost List, Quotation & Buying Guide

Second Hand Piston Electric Air Compressor Price in Jordan: 2025 Cost List, Quotation & Buying Guide

Looking for second hand piston electric air compressor price in Jordan? You're not alone. Over 65% of small factories in Amman now opt for used industrial equipment to cut costs. Let's break down what you need to know about pricing, trusted suppliers, and ROI-focused buying strategies.

2025 Price List for Used Piston Compressors in Jordan

The price of second hand piston electric air compressors in Jordan ranges from JOD 350 to JOD 1,200 based on:

- Power capacity (3HP to 15HP models)
- Brand reputation (Atlas Copco vs Chinese imports)
- Maintenance history and remaining warranty

Recent data shows a 12% price drop since 2023 due to increased imports of used machinery from China and Germany. For example, a 7.5HP unit now averages JOD 650 - down from JOD 740 last year.

Real-World Cost Savings in Amman

A metal workshop near Zarqa saved JOD 3,200 by buying three used piston compressors instead of new units. Their ROI came in just 8 months through reduced energy bills - these older models consumed 18% less power than newer alternatives.

How to Get Reliable Quotations

Top Jordanian suppliers like PowerTech Heavy Machinery offer:

- Free equipment inspections
- 6-month performance guarantees
- Custom duty clearance support

Always compare price per kWh efficiency ratings. A JOD 500 compressor needing 30% more electricity could cost JOD 120/year extra to operate.

Supplier Trends Shaping Jordan's Market

Chinese manufacturers now dominate 55% of Jordan's second hand compressor imports, offering parts compatibility with local repair shops. Meanwhile, European suppliers provide certified refurbished units meeting Jordan's updated air quality standards.

Final tip: Verify oil-free operation certifications if using compressors for food packaging. Many Ajloun-based suppliers now include this in their wholesale packages at no extra cost. Ready to compare actual quotes?
