Second Hand Water Well Drilling Rig Price in Italy 2024: Cost List, Quotes & Supplier Deals

Need second hand water well drilling rigs at the best price in Italy? You're not alone. Farmers, contractors, and small drilling businesses are rushing to buy reliable refurbished equipment as water scarcity drives demand. Let's break down what you need to know about price ranges, trusted suppliers, and hidden costs to make a smart investment.

Why Prices Vary for Used Drilling Rigs in Italy

A 2023 market study showed second hand water well drilling rig prices in Italy range from EUR18,000 to EUR85,000 - a 43% gap! Three factors create this spread:

Power type: Diesel rigs cost 15-20% more than electric models

Depth capacity: Rigs drilling below 150 meters cost EUR12,000+ extra

Brand reputation: Chinese brands like SANY sell 30% cheaper than EU-made rigs

Last month, a Milan contractor saved EUR27,000 by choosing a 2018 used drilling rig from Germany instead of a new model. "The ROI came in 14 months," he told us.
