

Stationary Air Compressor Price in Portugal 2025: Cost List, Supplier Quotes & Buying Guide

Stationary Air Compressor Price in Portugal 2025: Cost List, Supplier Quotes & Buying Guide

Need to buy a stationary air compressor in Portugal but confused about prices? You're not alone. Prices swing wildly between suppliers - from EUR1,500 budget units to EUR25,000 industrial models. Let's break down exact 2025 costs and proven ways to avoid overpaying.

What Determines Stationary Air Compressor Costs in Portugal?

Portugal's air compressor market grew 8% in 2024 (EU Machinery Report), but import taxes and energy rules squeeze margins. Here's why you need to act fast:

30-50 HP models: EUR4,200-EUR18,000 (German brands like KAESER cost 22% more)

Oil-free compressors: +35% price vs oil-lubricated units

Chinese imports: 18% cheaper but riskier warranty claims

Case Study: Porto Manufacturing Saves EUR11,400

A Porto auto parts factory cut costs by:

Comparing 7 local/global supplier quotes

Choosing energy-efficient 45 kW Atlas Copco model (EUR14,999)

Using Portugal's Eco-Investment tax rebate (12% cashback)

2025 Price List for Top Models in Portugal

Actual quotes from Lisbon suppliers (VAT included):

Basic 5 HP piston compressor: EUR1,499-EUR2,100

Screw compressor 10 HP: EUR6,750-EUR8,900 (Rotary vs Scroll type)

Industrial 100 HP system: EUR21,000+ (ask for free installation deals)
